

Free Flexi Safety Check – Valid at \$199

Expires 31/07/2025

Did you know? Burst flexi hoses are one of the leading causes of home insurance claims in Australia. When the stainless steel braiding starts to rust and fray, it can no longer support the inner rubber hose, leading to a sudden burst. This often happens at night when water pressure is highest—resulting in unexpected flooding while you're fast asleep! Take advantage of our **Free Flexi Hose Check** to ensure your home is safe and prevent costly water damage!

Terms & Conditions for Free Flexi Hose Check Offer:

- Offer valid for residential properties only.
- Limit of one free inspection per household.
